TRUE CRAFTSMANSHIP

Brisbane's leading supply and install of Glass Balustrades & Glass Pool Fencing

GLASS BALUSTRADES

Capture your stunning Brisbane views, open up your home, bring your decor to magazine worthy life and better protect your loved ones. Welcome to the timeless look, feel and functionality of glass balustrades for your home, office or apartment.

You don't have to look far to see our custom glass balustrades installed in some of Brisbane's most beautiful homes, apartments and offices. Look a little closer and you'll find our custom glass balustrades adding a modern touch to more traditional Queensland homes. Glass balustrades are so flexible yet strong in their design that they're used in the strictest commercial building environments.

FULLY FRAMED GLASS BALUSTRADE

A simple, classic design that's perfect for a balcony, outdoor deck, pool or raised garden area to create safety when enjoying the outdoor space.

FRAMELESS GLASS BALUSTRADE

When you want to impress, frameless glass balustrade will pass any test. Secure and durable combined with frameless beauty and elegance.

GLASS POOL FENCING

Glass Pool fencing makes any outdoor area look great. It also allows light a feeling of space as well as offering a clear vision as children play in the pool. Wood Glass Group have over 15 years of experience in the supply and install of glass pool fencing throughout Brisbane.

We are able to provide you with competitive costing coupled with exceptional service. Our glass pool fencing complies with the Australian Standards

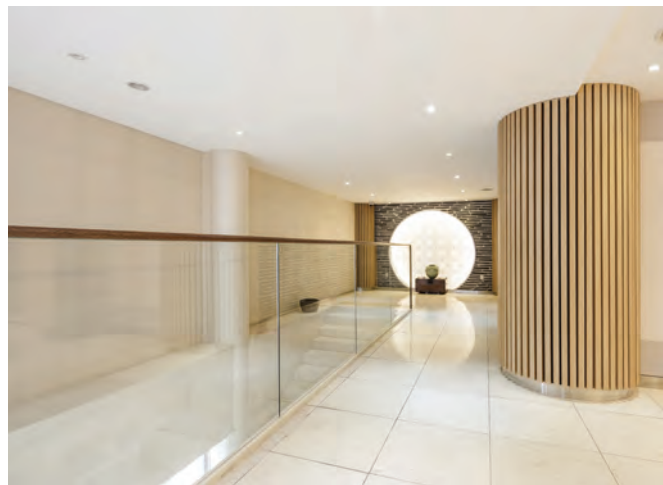

CUSTOM FABRICATION

Are you looking for quality custom fabrication? Wood Glass Group provides quality Australian made glass sourced locally for all custom fabrications. We deliver what you ask for every time.

No matter the size or shape, we'll help you develop a custom plan for placing your new glass that is both attractive and safe, and then install it to the highest standards. We ensure you are getting exactly what you want at every stage of the process and our open communication directly with the person doing the job means you get what you want.

TIMBER HANDRAILS

Timber is one of our most beloved building material, especially here in Brisbane where traditional Queensland homes shape the style of many suburbs. There is simply no matching the warmth, versatility and sturdiness of timber, especially when used for feature handrails on your staircase or deck.

With timber handrails, you can have either a modern, sleek look or a rustic charm purely based on your choice of wood, and we'll hand-craft them individually for your beautiful home, apartment or office.

Our customers select us based on our exceptional attention to detail, customer focused approach, trusted reputation and commitment to delivery.

“I have worked with Darren in the past and also have seen his work for different clients. His work and finishing is second to none and he always goes to great lengths to ensure that only the highest quality finish is achieved. I would have no problem in recommending Wood Glass Group and am sure anyone who uses them will have no hesitation passing on a recommendation once their job is complete.”

AIDAN O'KELLY

“Glass fence, deck and pergola completed in August 2016. The quality of the finish far outweighed the expectation. All the work was completed in a timely professional manner and Darren made some great suggestions which enhanced the outcome of the project. I would highly recommend the Wood Glass Group.

CHRISTIAN BULLOUGH

TRADITIONAL BALUSTRADE

A traditional wood balustrade provides structural support with an elegant design to suit your home. We can provide a design to suit the style of your home whether Federation, Victorian, Georgian, Edwardian or Art Deco.
